

The former Old Malthouse, Langton Matravers

OMH are a consortium including local developers with a reputation for delivering bespoke, high quality homes. They own the fields behind the primary school located at the heart of the village. The land was once part of the former Old Malthouse.

OMH invited ideas for the site during an open forum last year. They subsequently sought pre-application advice from officers at Dorset Council. The officer advice, together with the findings of various technical assessments, has shaped their proposals.

An application for *'15 dwellings together with the provision of a central green, sports space, community land, associated parking and infrastructure'* has now been submitted to Dorset Council. The application is awaiting registration, but we would welcome the opportunity to tell you more about it.

How to find out more

OMH will be hosting a drop in session between 4pm—7pm on Monday 18th August 2025 at St Georges Primary School on the High Street. This is an opportunity to find out more about the evolution of the scheme & to ask questions of the project team. We look forward to meeting you!

Once registered, the application will appear on Dorset Councils website & you will be able to feedback comments directly to the Case Officer.

Scott Worsfold Associates
Architects & Urban Designers

We appreciate that the drop in session might not prove convenient for everyone but all of the information will be available for inspection in due course as part of the submission to Dorset Council.
